November Guest Speaker
Dee Ann Sibley -Travel Photographer

Dee Ann likes to travel country roads and two-lane highways across the US, while camping along the way. Not knowing where she will end up or what will be there when she arrives, but knowing that something will pique interest and be a valuable artistic opportunity. When those moments happen, all sense of time and place can be lost. Inspiration can be abandoned structures, weathered faces, and wistful people which become moments frozen in time, and reflections of the here and now.

She focuses on portraits that capture mood through light and composition. With an off-beat sense of humor, and a somewhat sarcastic take on life, she finds beauty in that which is overlooked, or considered unappealing. Untold stories come to life in photographs.
